CLIENT *Testimonials*

“

Ralph was highly professional when doing our bathroom reno, he listened to all our requirements and communicated throughout the construction. The bathroom turned out exactly how I had imagined. Along with the reno Ralph was able to put a new adjustable peer in where the old stump had rotted, this has made a huge difference to our 1930's home. All plumbers and electricians were organised by Ralph and this work was included in the quote. This made things run very smoothly and made our families life run without impact. I am so pleased with the work that has been completed that I will definitely be using Ralph to help renovate the rest of the old part of our house which is in much needed attention. Extremely satisfied with work completed by Integrity New Homes and will be recommending to friends and family.- Sunhill

ABOUT *Us*

From the company's base in Uralla, Integrity New Homes has established a strong experienced team of trade contractors who are able to service new home plus renovation and addition projects through the region. Ralph personally works on and supervises all jobs and takes a very hands-on approach. With Integrity you get the systems and buying power of a large corporate with the experience and flexibility of a local builder.

Ralph commenced his apprenticeship at 18 years of age with the most respected builder in the area. He completed his trade and remained with the same employer for eleven years. Ralph has been self-employed in the building trade ever since, starting out in the Gloucester area, then moving to Moree in 2002 and relocating to Uralla in 2016. Joining forces with Integrity New Homes in 2020 to become the local face of the brand has allowed me to focus on the things he does well and delegate the tasks he isn't am not good at, and operate a seamless business.

Your new home, built with *The Best*

Integrity New Homes only use trusted and skilled brands proven in their trade, resulting in premium finishes to your new home.

8 STEPS TO BUILDING AN INTEGRITY NEW HOME!

01

At your initial consultation we discuss your budget and building requirements.

You will then complete the Preliminary Services Agreement and pay a Preliminary Services Fee (price varies) to order a soil test, contour survey, preliminary drawings and any other reports that may be required for your block of land.

02

03

Once you have chosen a house design or a custom design is created, we will provide a Preliminary Estimate to build on your selected block of land (this price will include all the items you want in your new home and may include landscaping, driveway, clothesline, letterbox and floor coverings).

Building contracts and working drawings are then prepared and a deposit is required at this stage. We then arrange a colour selection to finalise fittings and finishes of your new home.

04

05

It is then time for the building approval to be created, compiled, and submitted. Upon issuance of the building approval (including any conditions) work then begins on all the purchase orders for all suppliers and trade contractors finalised and scheduled.

Commencement on site will begin in accordance with individual building contracts. This will occur once final written finance approval has been obtained by you along with other conditions (e.g. proof of land title, land registration, site possession, and subject to weather).

06

07

Construction commences and is then subsequently completed with handover and any maintenance items addressed.

Enjoy your new home...
