Your new home, built with *The Best*

Integrity New Homes only use trusted and skilled brands proven in their trade, resulting in premium finishes to your new home.

8 STEPS TO BUILDING AN INTEGRITY NEW HOME!

01

At your initial consultation we discuss your budget and building requirements.

You will then complete the Preliminary Services Agreement and pay a Preliminary Services Fee (price varies) to order a soil test, contour survey, preliminary drawings and any other reports that may be required for your block of land.

02

03

Once you have chosen a house design or a custom design is created, we will provide a Preliminary Estimate to build on your selected block of land (this price will include all the items you want in your new home and may include landscaping, driveway, clothesline, letterbox and floor coverings).

Building contracts and working drawings are then prepared and a deposit is required at this stage. We then arrange a colour selection to finalise fittings and finishes of your new home.

04

05

It is then time for the building approval to be created, compiled, and submitted. Upon issuance of the building approval (including any conditions) work then begins on all the purchase orders for all suppliers and trade contractors finalised and scheduled.

Commencement on site will begin in accordance with individual building contracts. This will occur once final written finance approval has been obtained by you along with other conditions (e.g. proof of land title, land registration, site possession, and subject to weather).

06

07

Construction commences and is then subsequently completed with handover and any maintenance items addressed.

Enjoy your new home...
